OBJECTIVE

Aspiring MERN stack developer with a strong foundation in building responsive, scalable, and dynamic web applications. Adept at leveraging MongoDB, Express.js, React.js, and Node.js to deliver user-centric solutions.

EDUCATION

Bachelors of Technology in Computer Science, Narayana Engineering College   2022 - Expected 2026
High School, Little Angels Public School   2015 - 2020

SKILLS

Programming Languages	C , Python, Java
Front-end	HTML, CSS, JavaScript, React.js, Responsive web design
Back-end	Nodejs, Express.js, JWT Authentication , API development
Database	MongoDB , Mongoose , SQL
Version Control	GIT , GitHub
Soft Skills	Problem Solving , Communication, Team Collaboration, Project Management

EXPERIENCE

Artificial Intelligence Intern   Jun 2024 - July 2024
Artificial Intelligence Medical and Engineering Researchers Society   *Andra Pradesh, India*

- Developed a chatbot (Try it here) using Botpress
- Developed Hand pose detection , using Google teachable machine.
- Completed 10 challenges in OSWAP juice shop

Data Analytics and Visualization Job Simulation   March 2024
Accenture   *North America*

- Gained hands-on experience in data analysis and visualization techniques.
- Utilized tools such as Power BI, Python, Excel.

PROJECTS

MERN Chat Application - Developed a full-stack chat application using the MERN stack, designed for real-time communication with enhanced user experience and secure authentication. Implemented secure authentication, real-time messaging, group chat management, notifications, and a responsive UI using JWT, bcrypt, Socket.io, and React.js.(Try it here)

Coder's Arena - Coder's Arena Developed an interactive website tailored for coders, providing a platform to enhance coding skills and collaborate with peers. Features include Responsive Navigation, User-friendly design optimized for both desktop and mobile devices. (Try it here)

College Fest Website - NIPUNA2K24 Designed and developed a fully functional website for the college fest using HTML, CSS, and JavaScript, featuring event schedules, registration forms, enhancing event promotion and user engagement. Ensured the website was responsive and optimized for various devices, leading to increased online registrations and contributing to the overall success of the fest. (Try it here)

COMPETITIVE CODING

- LeetCode
